1 2 3 4 5	C3-C7, please explain why you believe your activity is exempt in Section C8. Just because one activity is exempt, an entire facility may not be exempt. If you indicate that your activity is exempt you must still complete section D, sign and return the completed questionnaire! My business or facility does not store, handle, treat, use, produce, recycle, or dispose of any of the types and quantities of hazardous materials or deleterious substances listed above. The following facility or business activities are exempt as provided in RMC Ch. 13.07. Check appropriate exemptions: Heating equipment fuel tanks with a capacity of less than one thousand one hundred (1,100) gallons existing as of the effective date of this ordinance and containing heating fuel for consumptive use on the parcel where used. Petroleum products stored in vehicle or equipment fuel tanks. Storage within retail facilities of hazardous materials or other deleterious substances for sale in original containers with a capacity of less than or equal to five (5) gallons liquid or one hundred (100) pounds solid. Application of fertilizers and pesticides and their commercial formulations, if done in accordance with state and federal standards for accepted farming and horticultural practices.										
7		Temporary presence of maintenance chemical substances, such as paints and paint thinners, that are actively in use for non-routine maintenance or repair of a facility in individual containers not to exceed five (5) gallons liquid or one hundred (100) pounds solid.									
8		Please explain why you are exempt:									
	Section D: Che	eck any of the following items th	nat are or w	ill be located	at your bu	siness or faci	ility.				
1		Stormwater infiltration systems (e.g., French drain, dry well, stormwater swale, etc.)									
2		Hydraulic lifts or elevators
